

Locked 460's mission is to exceed our guests' expectations by providing a memorable experience that is safe, clean, and fun.

For the safety of all guests and employees, and to follow current CDC recommendations, we strongly urge all guests to wear a mask while inside Locked 460; before, during, and after your escape. Thank you.

The safety of our guests and employees remains a top priority.

WHAT WE ARE DOING (until further notice):

- Private room, single group bookings only
- Increasing the gap between bookings:
 - To allow extra time for cleaning and disinfecting
 - To minimize group contact with other groups
- Using an industrial strength, medical grade disinfectant:
 - On all areas of 'high-touch' including door handles, tables, chairs, locks, puzzles, and decorations.
- Requiring employees to wear masks

WHAT YOU CAN DO:

- Wear a mask, at all times, while inside Locked 460
- Help yourself to hand sanitizer before and after play
